

INDIANAPOLIS HOUSING AGENCY
RFP FOR COMMUNITY PROPERTY MAINTENANCE SERVICES
MAY 5, 2009

QUESTION AND ANSWER

QUESTION: We looked at the web and looked at the Section titled Benefits at a Glance Benefits summary and it describes the benefit package for the associate.

What we want to know what is the cost (dollar amount) for each associate being paid –out along with each associates pay scale.

For example:

Maintenance Technician #1 through 4, basic wage dollars plus fringe benefits dollars = a total of dollars?

ANSWER: IHA is not sure that the cost of Agency benefits is relevant. Responder will need to provide an estimate of their cost, or what they would charge IHA in the RFP. Because of economies of scale, Responder will not be able to provide the benefits for the same cost as IHA.
